Sources referenced for this project

1. Mozilla Developer Network was frequently referenced during the development of the project for helping find solutions, CSS, and JavaScript definitions, and for understanding what code to use.
   https://developer.mozilla.org/en-US/

2. W3Schools was frequently referenced during the development of the project for helping find solutions, CSS, and JavaScript definitions, and for understanding what code to use.
   https://www.w3schools.com/
   W3Schools was also used to create the accordion in the cider cards in the project but I also modified the code to work slightly differently.
